CONTROLLED SHOP FABRICATION

Precision fabrication using documented processes,
project-specific materials, and approved fabrication drawings

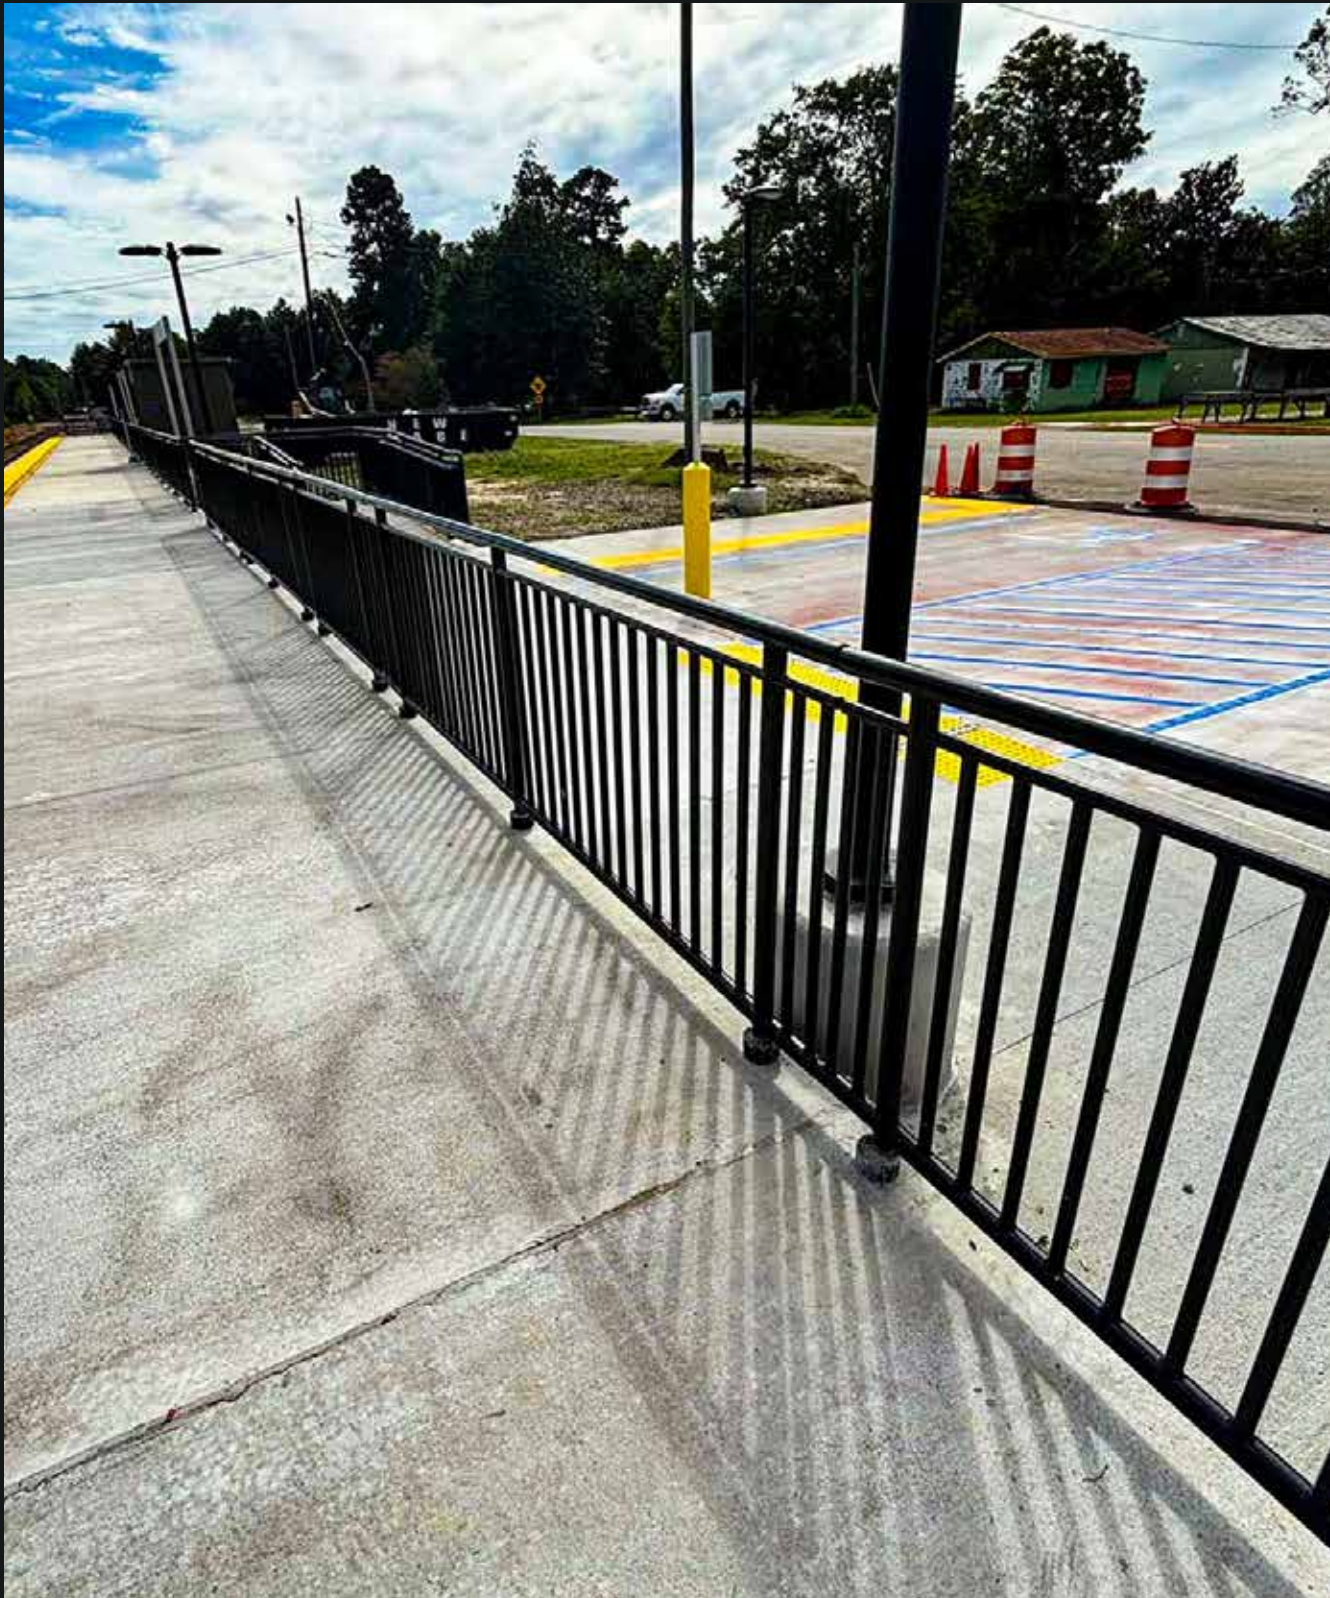

Fabricated Guardrails & Handrails

SD Industries manufactures project-specific guardrail and handrail assemblies from approved drawings and specified materials. Components are fabricated with project-specific dimensions, connection details, material selections, and finishes for delivery to the project team.

Types of Guardrails & Handrails:

- Highway Guardrails
- Ornamental Guardrails
- Industrial Guardrails
- Removable Guardrails
- Bridge & Infrastructure
- Balcony Protection
- Illuminated Guardrails
- Stair Safety Guardrails
- Ornamental Handrails
- Industrial Handrails
- Floor-Mounted Handrails
- Illuminated Handrails
- Stair Safety Handrails

Wire Mesh Panels & Fencing

SD Industries fabricates project-specific wire mesh panels, screens, fence panels, gates, and enclosure components from approved drawings. Products can be manufactured using specified woven, welded, expanded, perforated, or framed mesh configurations, with project-specific dimensions and finishes.

Types of Wire Mesh:

- ❑ Woven Wire Mesh Panels
- ❑ Welded Wire Mesh Panels
- ❑ Expanded Metal Mesh Panels
- ❑ Perforated Metal Panels
- ❑ Decorative Mesh Panels
- ❑ Fence Panels
- ❑ Enclosure Panels
- ❑ Sunshade and Screen Panels

Bollards

SD Industries manufactures project-specific bollards in specified materials, dimensions, finishes, and mounting configurations. Product type, mounting requirements, and any required performance ratings are based on approved project specifications and documented product requirements.

Types of Bollards:

- ❑ Fixed Bollards
- ❑ Removable Bollards
- ❑ Retractable Bollard Housings
- ❑ Architectural Bollards
- ❑ Traffic and Parking Bollards
- ❑ Illuminated Bollard Housings
- ❑ Bicycle Bollards
- ❑ Project-Specific Bollards

Fabricated Canopy Assemblies

SD Industries fabricates canopy frames, supports, fascia panels, trim, brackets, and related metal components from approved drawings. Assemblies are produced with project-specific dimensions, materials, finishes, and connection details for delivery to the project team.

Types of Canopy:

- ❑ Steel Canopy Frames
- ❑ Aluminum Canopy Frames
- ❑ Cantilevered Canopies
- ❑ Column-Supported Canopies
- ❑ Entrance Canopies
- ❑ Walkway Canopies
- ❑ Metal Panel Canopies
- ❑ Perforated Metal Canopies
- ❑ Project-Specific Canopy Assemblies

Fabricated Gates

SD Industries manufactures project-specific gate assemblies from steel, stainless steel, and aluminum based on approved fabrication drawings. Products may include frames, infill panels, hinges, latching provisions, operator mounting provisions, and specified finishes.

Electrical operators, access-control devices, and security-system programming should not be represented as part of this catalog unless those scopes are separately documented and insured.

Types of Gates:

- ❑ Swing Gates
- ❑ Sliding Gates
- ❑ Cantilever Gates
- ❑ Bi-Folding Gates
- ❑ Pedestrian Gates
- ❑ Ornamental Gates
- ❑ Industrial Gate Assemblies
- ❑ Custom Decorative Gates
- ❑ Gate Frames and Panels

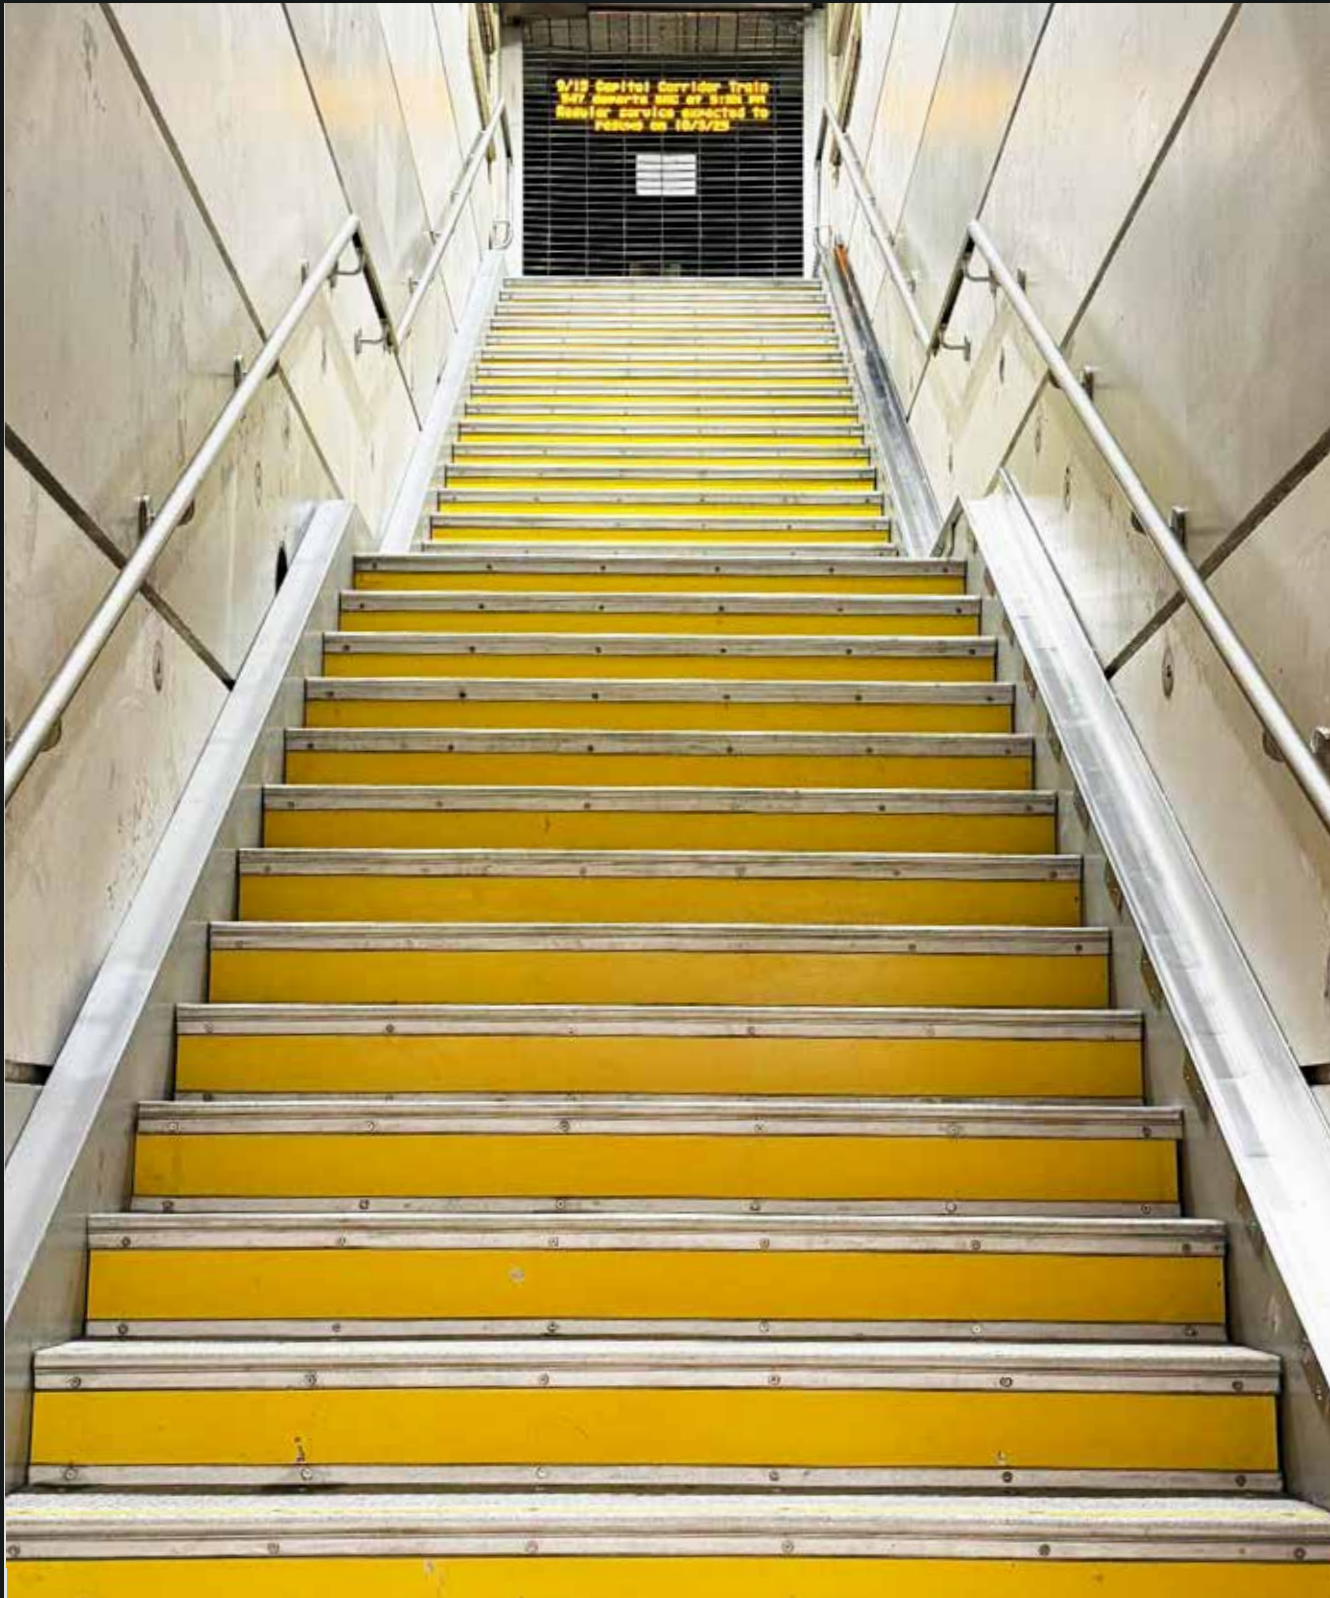

Metal Stair Assemblies

SD Industries fabricates project-specific metal stair assemblies and stair components from approved drawings. Products may include stringers, treads, landings, framing members, guardrails, handrails, and connection components in specified materials and finishes.

Types of Metal Staircase:

- Straight Stair Assemblies
- L-Shaped Stair Assemblies
- U-Shaped Stair Assemblies
- Spiral Stair Assemblies
- Curved Stair Assemblies
- Industrial Stair Assemblies
- Modular Stair Assemblies
- Ornamental Stair Assemblies
- Stair Stringers and Landings

Metal Cladding Panels

SD Industries manufactures project-specific metal cladding panels, screen panels, fascia, trims, closures, and related support components from approved drawings. Products may be formed, perforated, profiled, laser-cut, or fabricated with specified materials, dimensions, patterns, and finishes.

Types of Cladding:

- ❑ Flat Metal Panels
- ❑ Perforated Metal Panels
- ❑ Screen Panels
- ❑ Profiled Metal Panels
- ❑ Decorative Metal Panels
- ❑ Feature Panels
- ❑ Fascia and Trim Components
- ❑ Custom Formed Metal Components

Architectural Metal

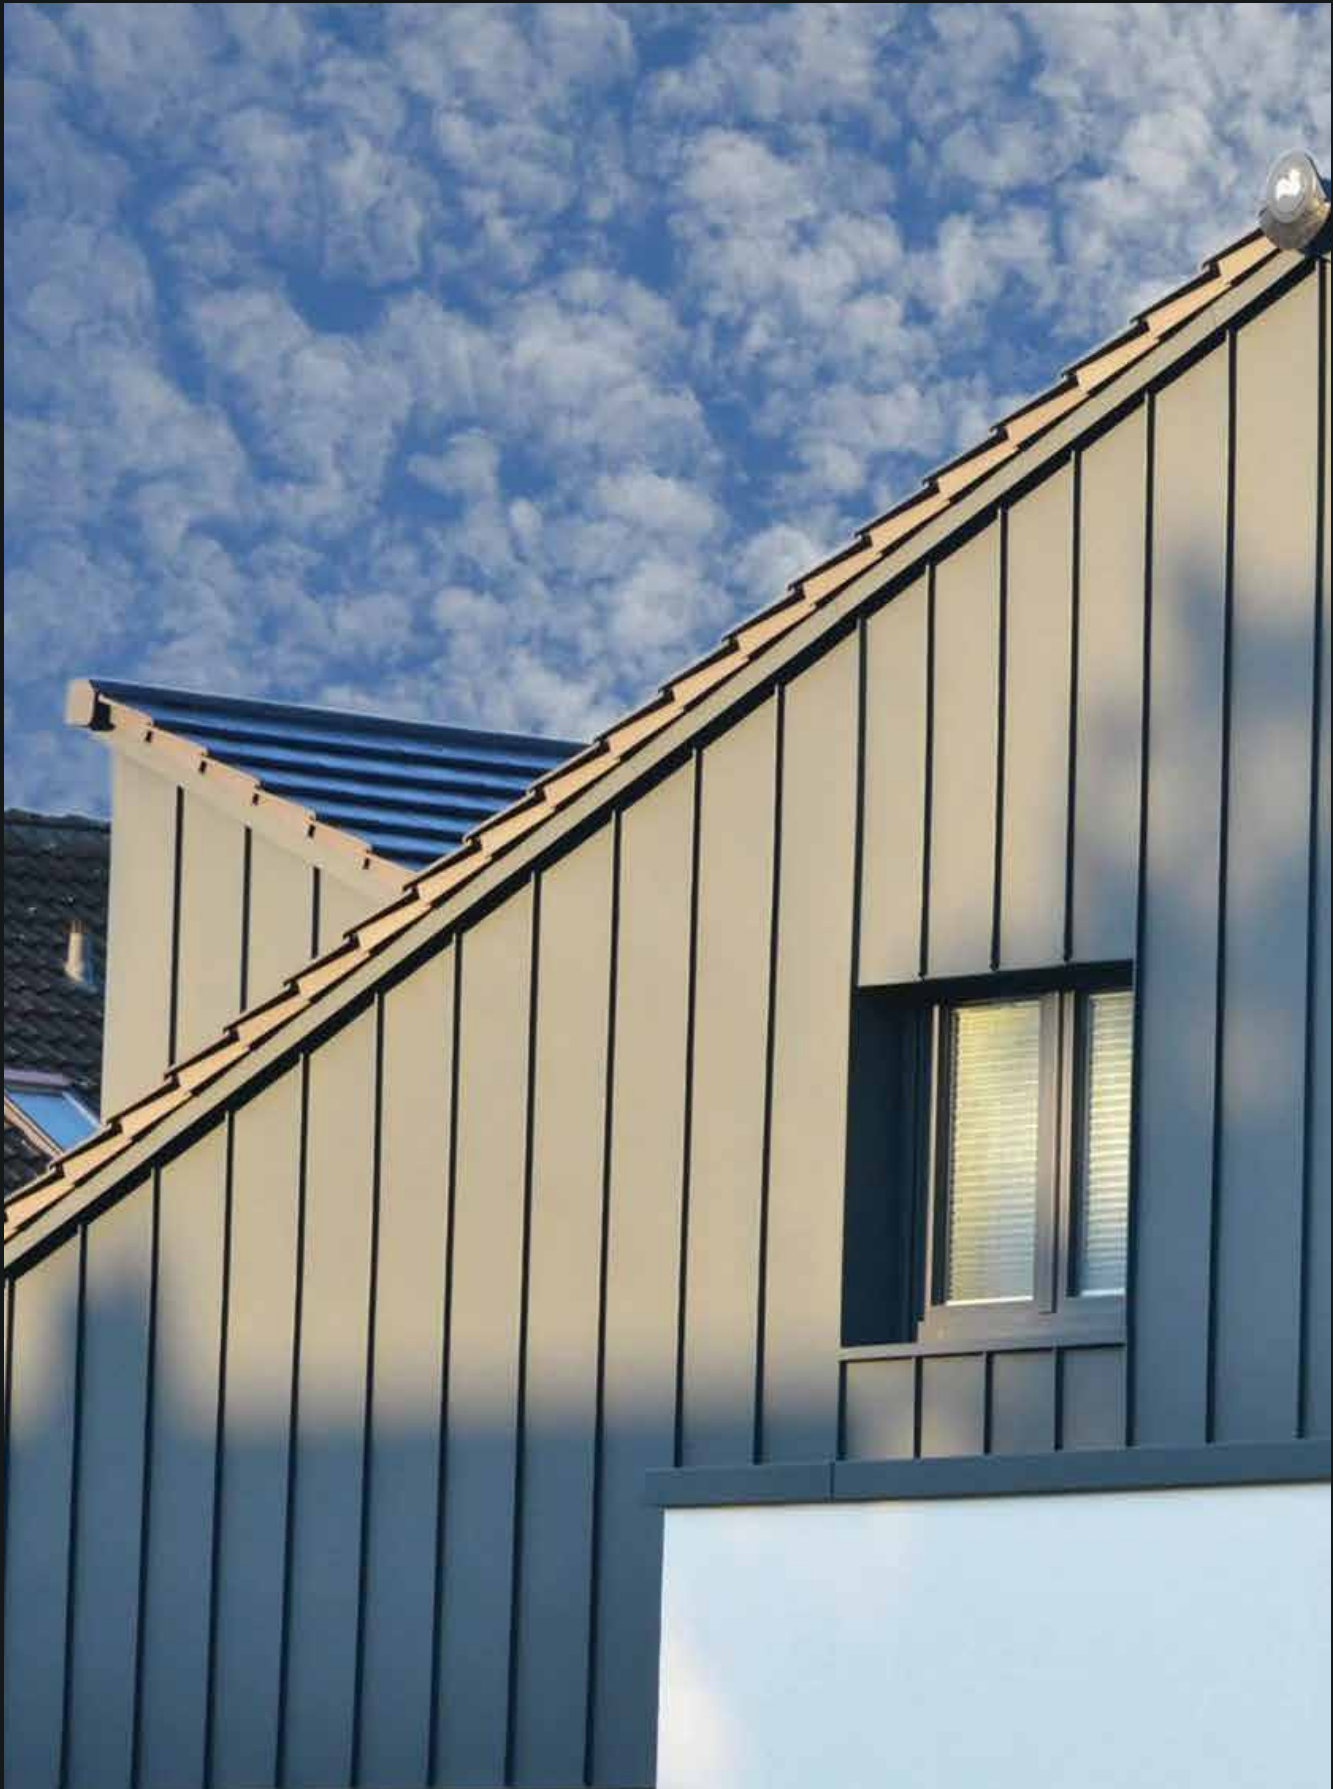

Roofing

SD Industries delivers durable, high-performance roofing solutions for commercial and industrial applications. We provide systems including standing seam metal roofing for long-term weather resistance and structural reliability, as well as EPDM and TPO roofing selected for flexibility, energy efficiency, UV resistance, and low maintenance.

Each solution is carefully specified and aligned with project requirements, ensuring compliance with applicable codes and dependable long-term performance. What sets us apart is our ability to match the right system to site conditions while maintaining quality, efficiency in installation, and reliable lifecycle performance.

Types of Roofing:

- Standing Seam Metal Roof
- Ethylene Propylene Diene Monomer
- Thermoplastic Polyolefin

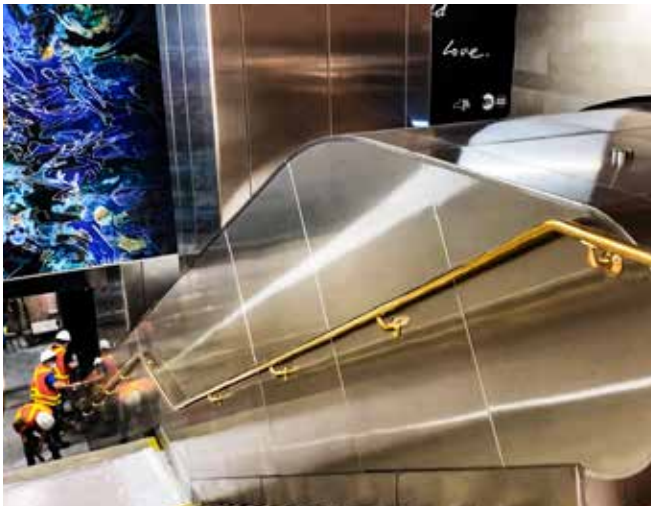

Fabricated Escalator & Elevator Enclosures

SD Industries fabricates metal panels, frames, screens, trim, guard components, and architectural surrounds for escalator and elevator enclosure applications. Products are manufactured from approved drawings using project-specific materials, dimensions, connections, and finishes.

Types of Escalator & Elevator Enclosures:

- ❑ Metal Panel Enclosures
- ❑ Mesh and Screen Enclosures
- ❑ Architectural Surrounds
- ❑ Structural Frames
- ❑ Trim and Closure Components
- ❑ Escalator Side Panels
- ❑ Elevator Surround Panels
- ❑ Transit Enclosure Components

Ticket Booths

SD Industries fabricates modular and custom booth shells, frames, panels, counters, service openings, glazing frames, storage components, and related architectural metal assemblies. Products are manufactured to approved dimensions, layouts, material specifications, and finishes.

Electrical, communication, security, and glazing-system integration should not be represented as SD Industries' scope unless separately documented.

Types of Ticket Booths:

- ❑ Modular Ticket Booths
- ❑ Metal Ticket Booths
- ❑ Glazed Aluminum Booth Frames
- ❑ Custom Decorative Booths
- ❑ Service Booths
- ❑ Booth Panels and Counters

Structural Steel

AISC Certified Fabricator AISC Member

Fabricated Structural Steel Components

SD Industries manufactures structural steel components and assemblies from approved fabrication drawings. Scope may include primary framing members, built-up members, bracing, plates, stiffeners, connection components, and project-specific assemblies produced through documented fabrication processes.

Scope Includes:

- ❑ Primary Framing Components
- ❑ Built-Up Members
- ❑ Floor and Roof Framing Components
- ❑ Bracing and Lateral Components
- ❑ Connection Plates and Components

Signage Products

Wayfinding Signage

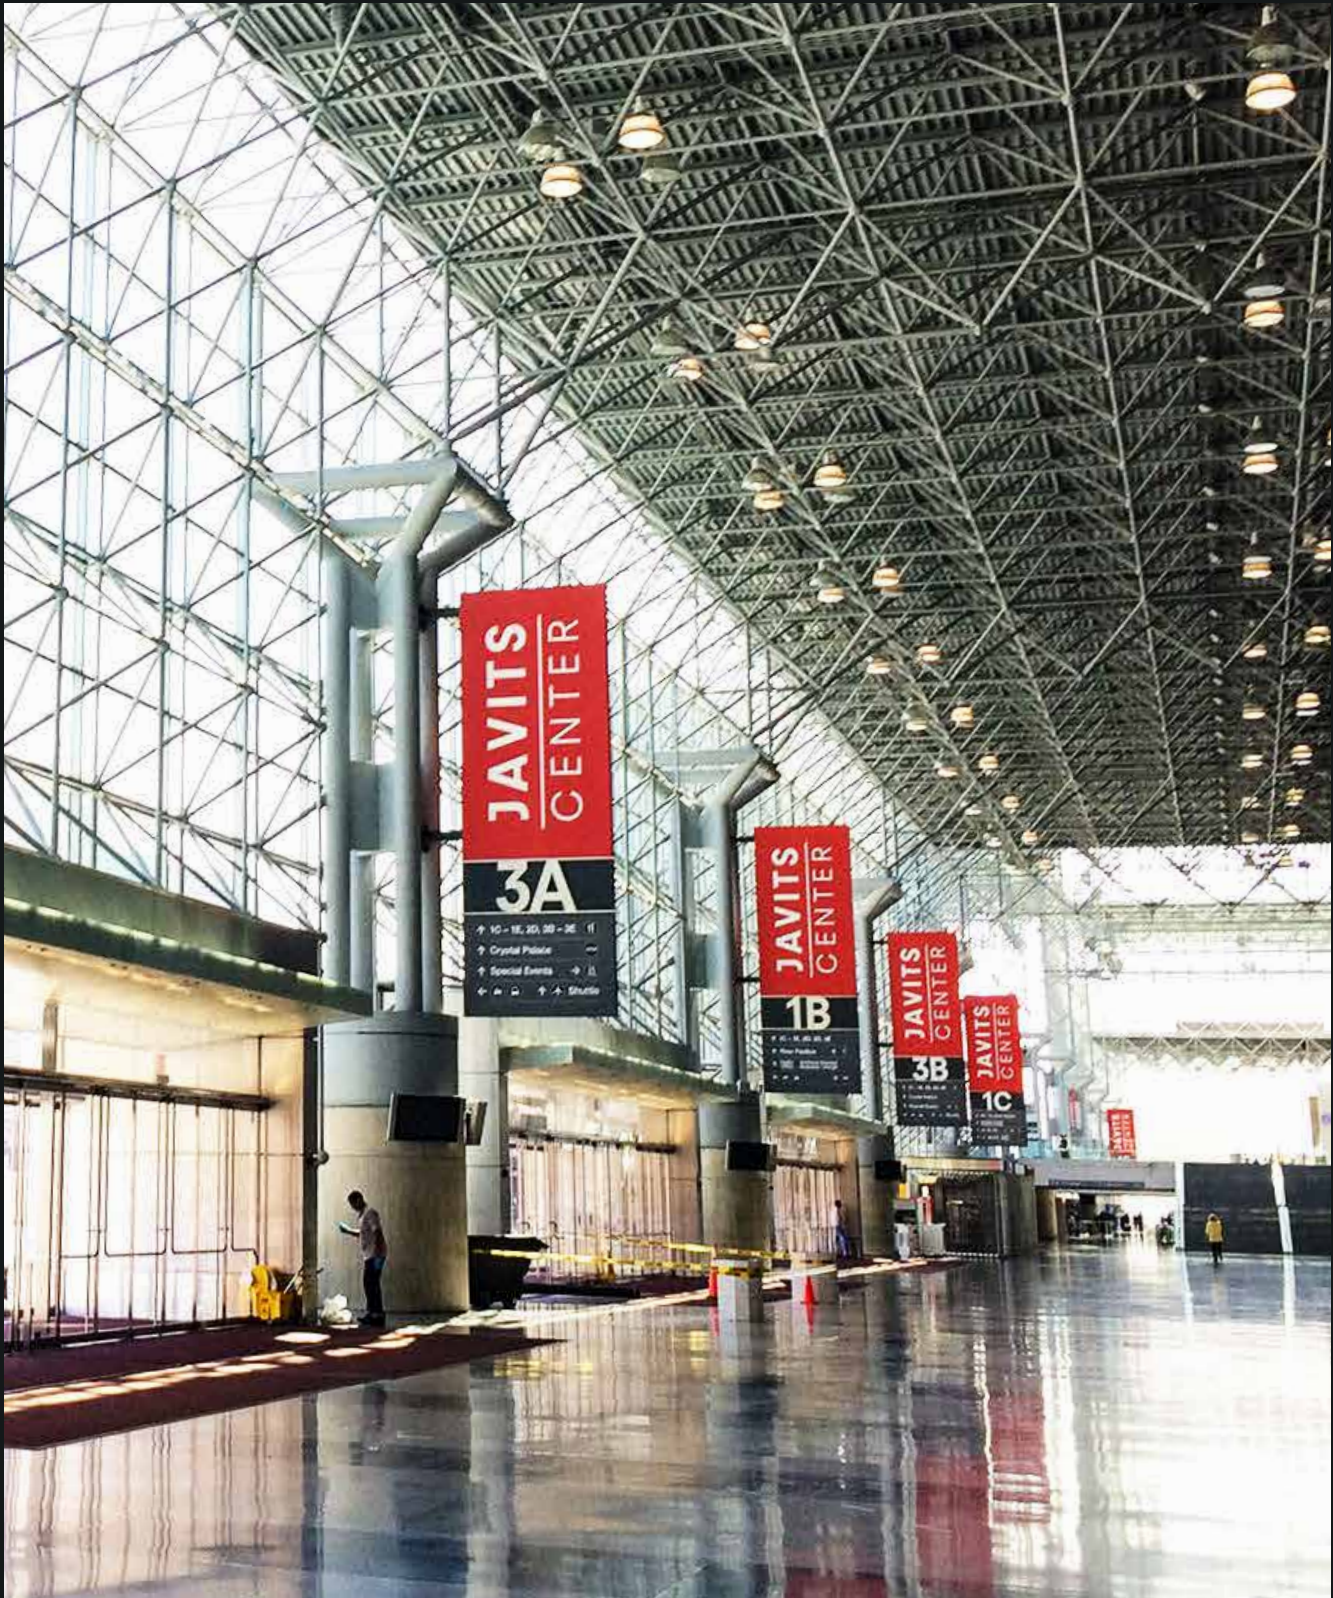

SD Industries manufactures project-specific wayfinding signage using approved sign schedules, artwork, message layouts, materials, finishes, and mounting details. Products may include directional, identification, informational, regulatory, emergency, and monument signs.

Types of Wayfinding Signs:

- Directional Signage
- Identification Signage
- Regulatory Signage
- Informational Signage
- Emergency Signage
- Monument Signage

Javits Center New York City, NY

Signage Products

Fabricated Sign Boxes

SD Industries fabricates illuminated and non-illuminated sign cabinets in project-specific sizes, shapes, materials, finishes, depths, and lighting configurations. Products are manufactured from approved drawings and artwork for interior and exterior applications.

Types of Sign Boxes:

- ❑ Illuminated Sign Boxes
- ❑ Non-Illuminated Sign Boxes
- ❑ Double-Sided Sign Boxes
- ❑ Custom-Shaped Sign Boxes
- ❑ Wall-Mounted Sign Boxes
- ❑ Suspended Sign Boxes
- ❑ Freestanding Sign Cabinets

Empire Outlets New York City, NY

Signage Products

Logo & Letter Signs

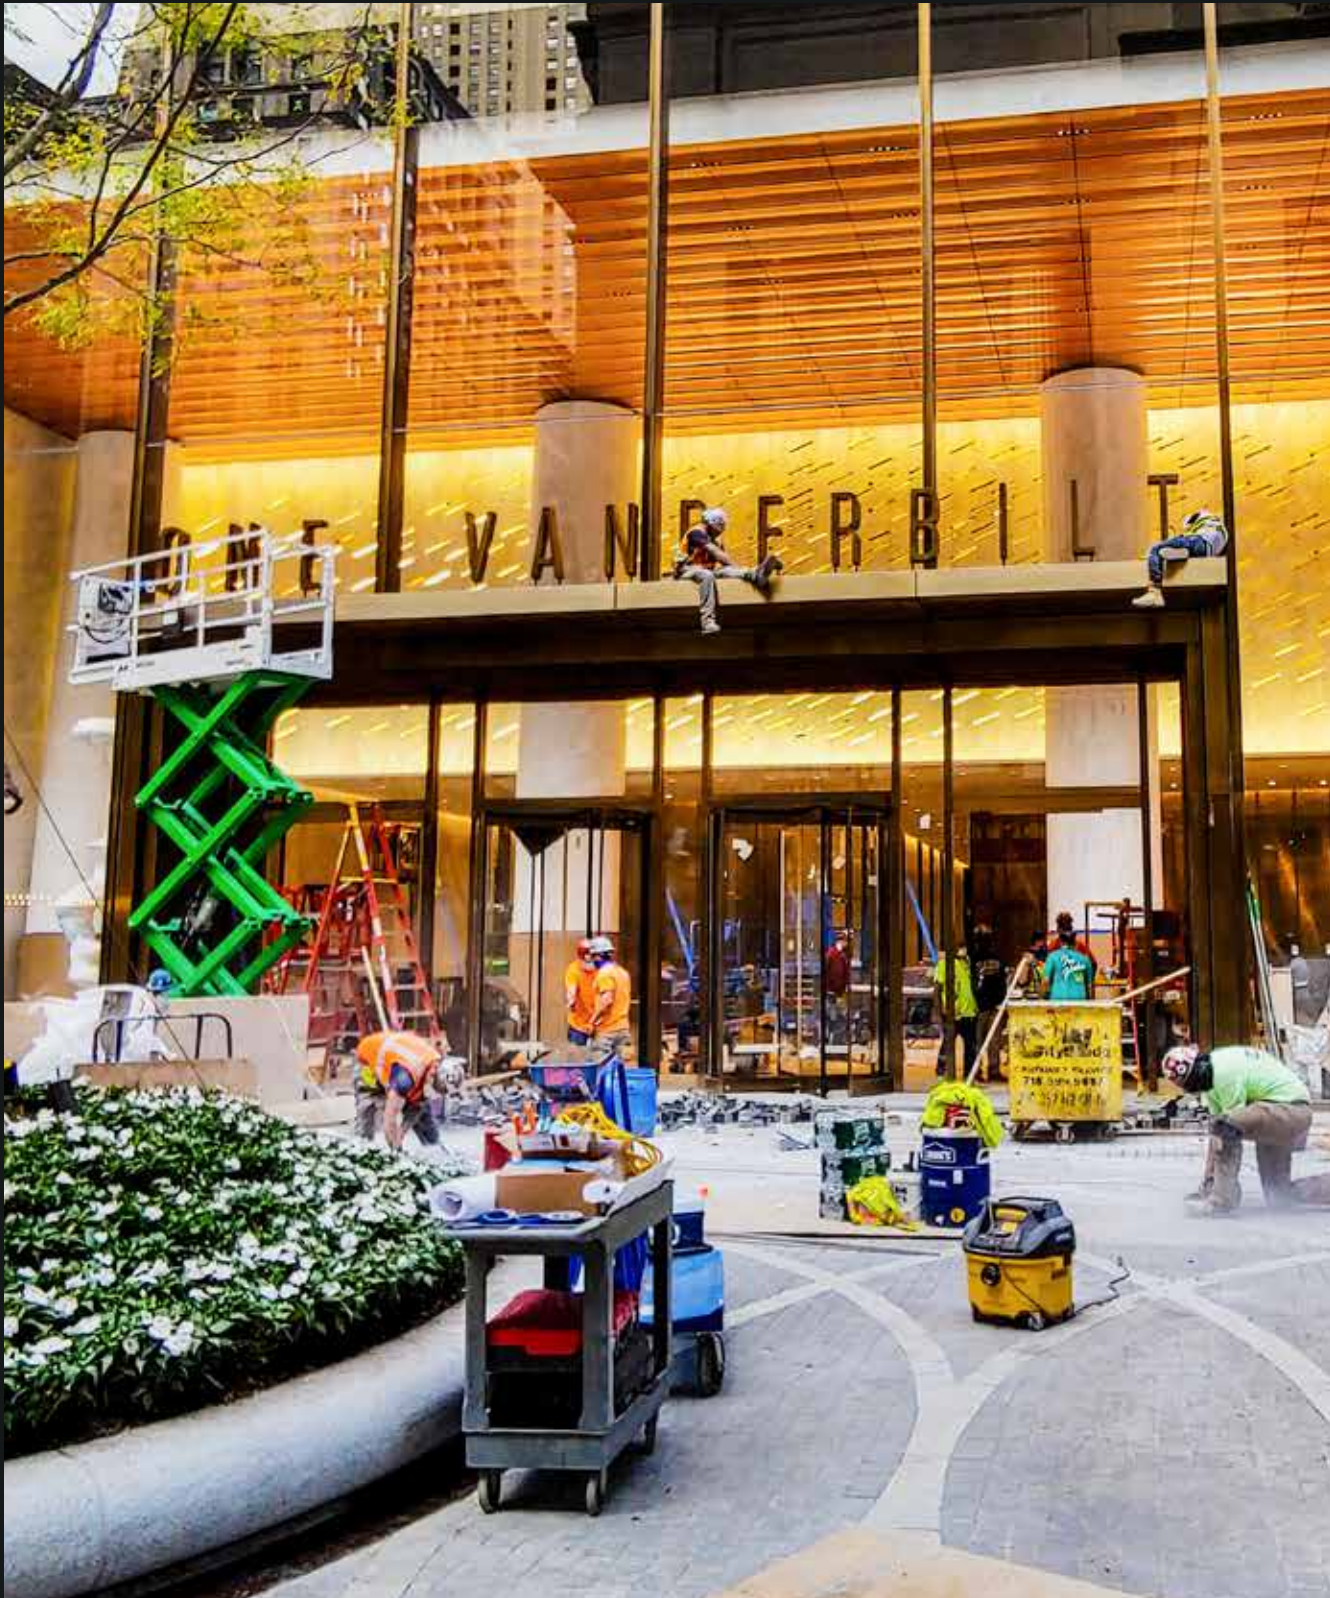

SD Industries fabricates custom logos and letters from specified metals, acrylics, and composite materials. Products may include flat-cut, fabricated, channel, front-lit, halo-lit, and non-illuminated configurations with project-specific sizes, depths, finishes, and mounting provisions.

Types of Logo & Letters Signs:

- ❑ Channel Letters
- ❑ Flat-Cut Letters
- ❑ Fabricated Letters
- ❑ Halo-Lit Letters
- ❑ Front-Lit Letters
- ❑ Non-Illuminated Letters
- ❑ Custom Logos

One Vanderbilt New York City, NY

Signage Products

Directory Signage

SD Industries fabricates wall-mounted and freestanding directory signage using approved maps, tenant listings, artwork, materials, finishes, and mounting details. Products may include static directories, changeable-message directories, and fabricated enclosures for specified digital displays.

Types of Directories:

- ❑ Wall-Mounted Directories
- ❑ Freestanding Directories
- ❑ Changeable-Message Directories
- ❑ Map Directories
- ❑ Tenant Directories
- ❑ Digital Display Enclosures
- ❑ Tactile Directory Signage

The Battery Park New York City, NY

Signage Products

Fabricated Plaques

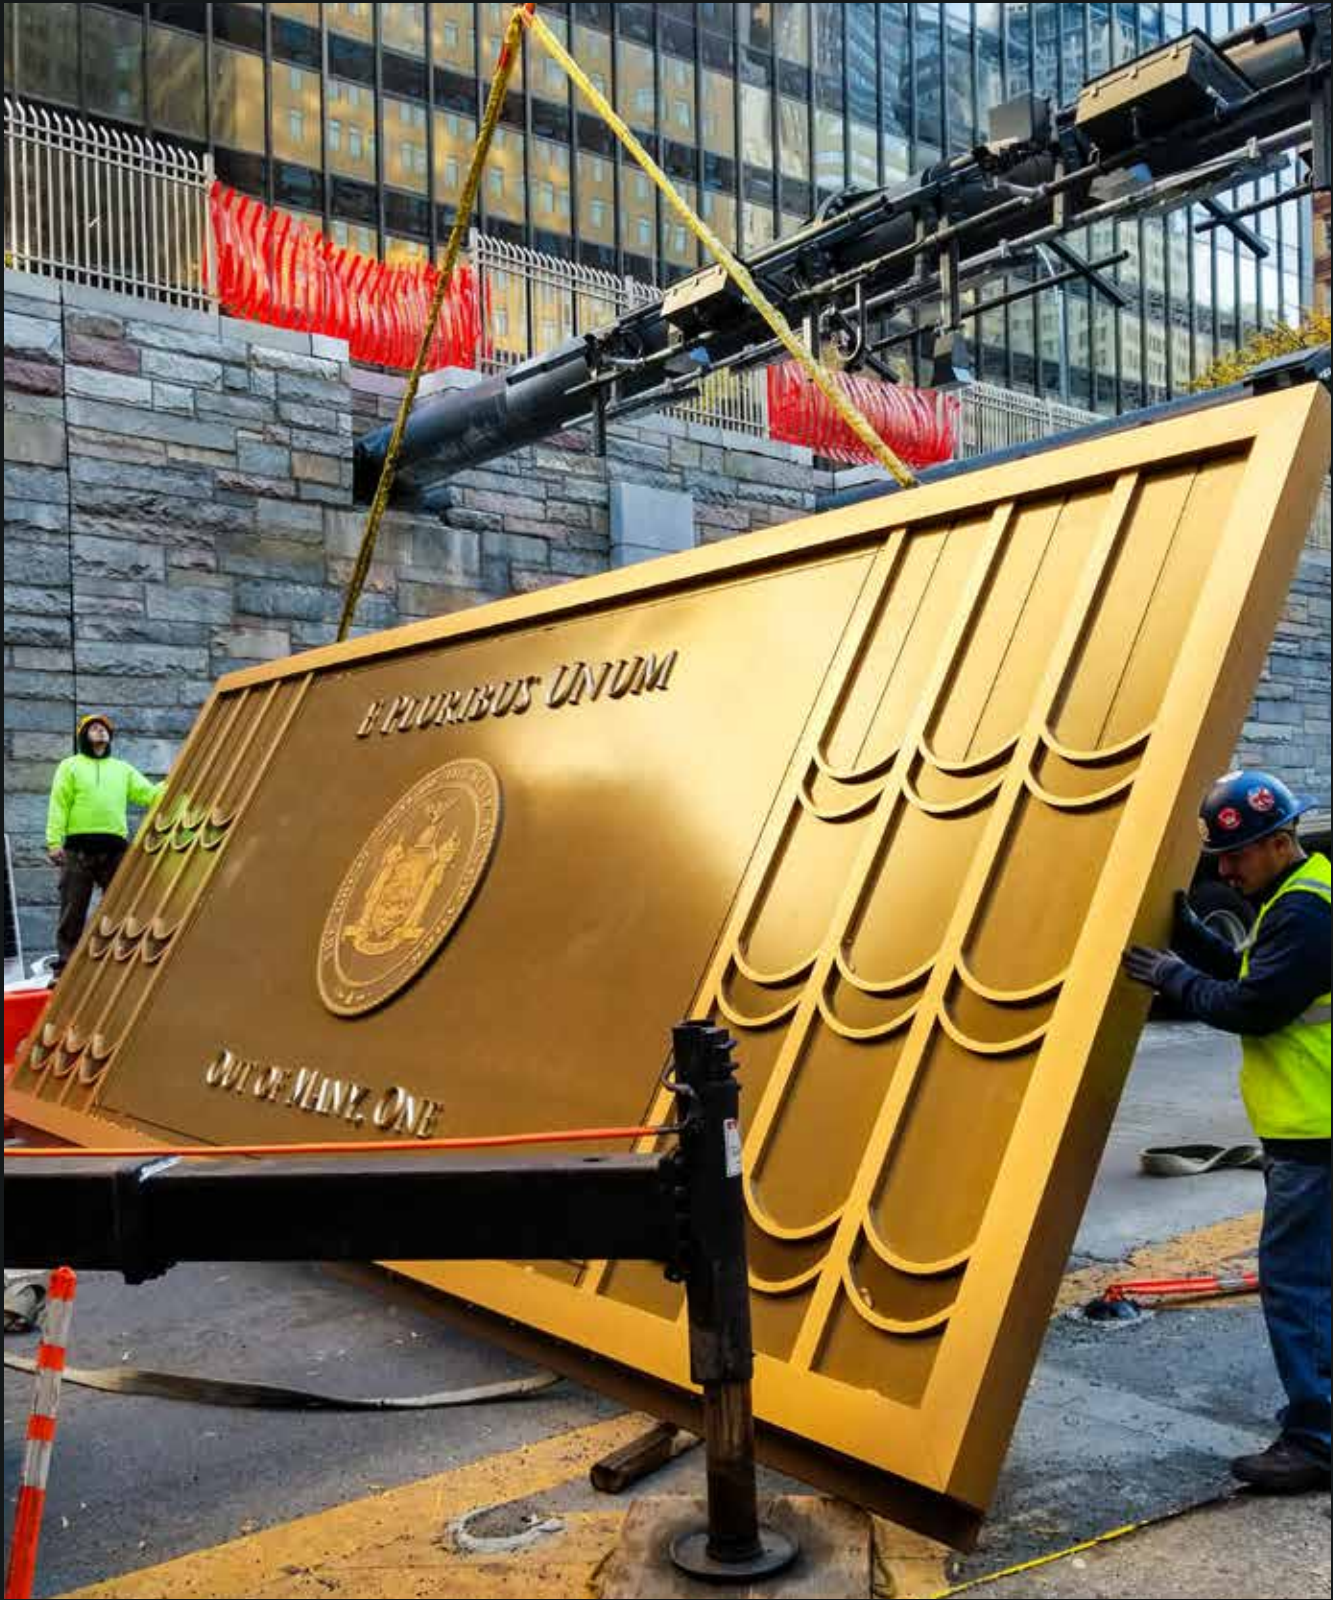

SD Industries fabricates custom plaques from specified metals, acrylics, and other approved materials. Products may include cast, etched, engraved, printed, and precision-tooled plaques with project-specific text, graphics, dimensions, finishes, and mounting provisions.

Types of Plaques:

- ❑ Precision-Tooled Plaques
- ❑ Cast Plaques
- ❑ Etched Plaques
- ❑ Engraved Plaques
- ❑ Thin-Gauge Plaques
- ❑ Dedication Plaques
- ❑ Identification Plaques
- ❑ Memorial Plaques

Queens Midtown Tunnel New York City, NY

Signage Products

Accessibility Signage

SD Industries fabricates tactile and visual accessibility signage from approved sign schedules and project specifications. Products may incorporate specified Braille, tactile characters, pictograms, contrast requirements, colors, materials, and finishes.

Final code review, message requirements, placement, and mounting heights remain subject to the approved project documents and applicable authority requirements.

Types of ADA Signage:

- ❑ Room Identification Signs
- ❑ Directional Accessibility Signs
- ❑ Emergency Identification Signs
- ❑ Regulatory Signs
- ❑ Tactile Signs
- ❑ Braille Signs
- ❑ Accessible Entrance Signs
- ❑ Restroom Identification Signs

LaGuardia Headhouse Queens, NY

Glass Products

Architectural Glass Products

SD Industries supplies project-specific architectural glass products and fabricated glass assemblies based on approved specifications and documented supplier information. Product categories may include laminated, insulated, frosted, clear, and rated security glass where the required certification or test documentation is available.

Our Glass Scope Includes:

- ❑ Laminated Glass
- ❑ Insulated Glass
- ❑ Frosted Glass
- ❑ Clear Glass
- ❑ Tempered Glass
- ❑ Security Glass Products
- ❑ Ballistic-Resistant Glass Products, where documented
- ❑ Glass Infill Panels
- ❑ Framed Glass Assemblies

Services

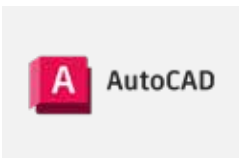

Fabrication Support Services

SD Industries provides documentation, modeling, and digital coordination services that support manufactured products and fabrication workflows. Services may include shop and fabrication drawings, BIM coordination, 3D rendering, modular and prefabricated design support, and reality-capture documentation.

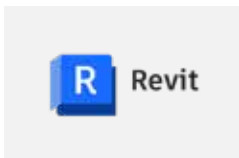

Our Services Include:

- Shop & Fabrication Drawings
- 3D Rendering & Visualization
- Modular & Prefabricated Design
- Reality Capture & Digital Mapping
- Engineering Support
- Technical Consultation
- Project Coordination
- Fabrication Design Support
- Precision Fabrication
- BIM Services

PRECISION FABRICATION. BUILT TO SPECIFICATION.

CAPABILITY STATEMENT

Company Overview

SD Industries is a certified DBE, ACDBE, SBE, HUB, MBE, and NJPW subcontractor and fabricator delivering high-quality architectural metal, signage, and structural packages. Backed by \$30 million aggregate and \$15 million single bonding, we execute complex projects nationwide with speed, precision, and reliability across transit, aviation, and infrastructure sectors.

Core Capabilities

- Architectural Metals: Guardrails, Handrails, Cladding, Roofing & Siding, Stair Railings, Bollards, Canopies, Fencing & Staircases
- Signage: Wayfinding, Logo & Letters, Directories & ADA
- Glass: Bulletproof, Frosted, Insulated & Laminated
- Design & Engineering: Shop Drawings, BIM, Rendering & Value Engineering

Differentiators

- Certified, Bonded, and Union-Affiliated
- In-House Fabrication in Conroe, TX
- Deep Experience with Public Infrastructure
- Known for Speed, Schedule Control, and Install-Readiness
- Trusted by National GCs, State & Federal Agencies, and Architects

Past Performance

- World Trade Center – Tower 1, PATH, Oculus
- JFK Terminal 4
- LaGuardia Airport
- Amtrak – 200+ Stations Nationwide
- Grand Central / Times Square / Numerous MTA Projects
- Multiple NYCHA Projects
- Queens Midtown / Brooklyn Battery Tunnels
