DECORATIVE WIRE MESH
PANELS

QUAD-WIRE OVER-UNDER MESH SDI-C16

Featuring a straightforward over-under weave, this design uses four individual wires that share a common crimp pocket. Thin yet durable, this decorative wire mesh is versatile, making it suitable for a wide range of interior and exterior applications. With a 34% open area, it creates captivating light and shadow effects, making it an excellent option for sunscreens or light-diffusing installations.

C16
