## HERITAGE INTERCRIMP WIRE MESH

### SDI-A39

The **SDI-A39** is a flat wire intercrimp architectural wire mesh pattern. Its dynamic form captures and reflects light in a beautiful and unique way. Inspired by a turn-of-the-century home restoration project, where this type of mesh was commonly used as radiant water heater grilles, the **SDI-A39** offers a timeless aesthetic that fits both traditional and modern design spaces. Custom spacing and pattern options are also available to suit your project's needs.

### SPECIFICATIONS

|                             |                             |                               |                             |
