Guardrails & Handrails

Guardrails and handrails provide essential fall protection and support in industrial, commercial, and public spaces. Made from durable materials like steel and aluminum, they meet OSHA, ADA, IBC, and ASTM standards for safety and accessibility.

Types of Guardrails & Handrails:

- Highway Guardrails
- Ornamental Guardrails
- Industrial Guardrails
- Removable Guardrails
- Bridge & Infrastructure
- Balcony Protection
- Illuminated Guardrails
- DIY Guardrails
- Stair Safety Guardrails
- Ornamental Handrails
- Industrial Handrails
- Floors Mounted Handrails
- Illuminated Handrails
- DIY Handrails Custom Kit
- Stair Safety Handrails

Wire Mesh

Wire mesh is a durable metal grid used in construction, security, and industrial applications for fencing, enclosures, filtration, and reinforcement. Available in materials like stainless steel and galvanized steel, it offers strength, flexibility, and corrosion resistance. Types include woven, welded, expanded, and perforated, each suited for specific needs.

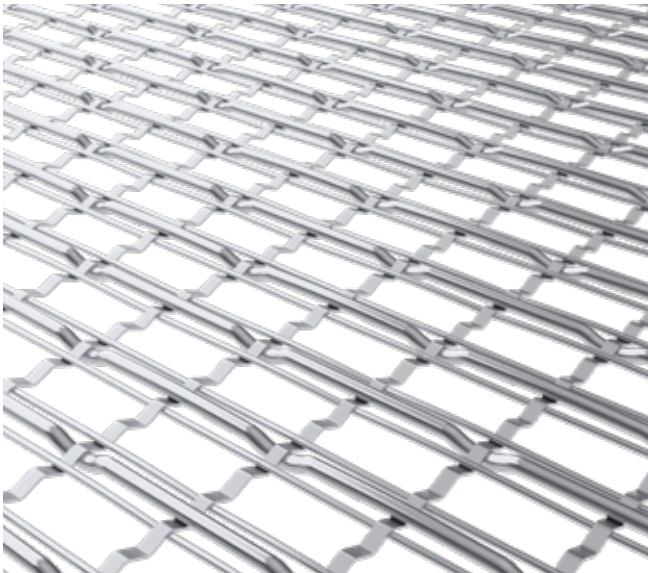

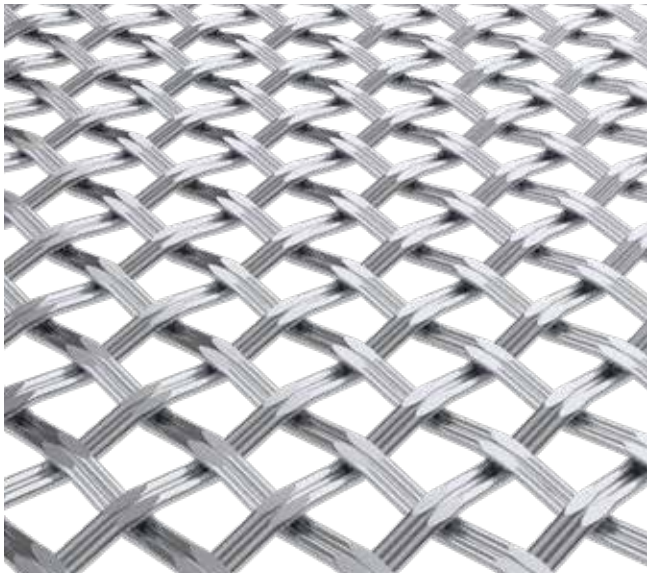

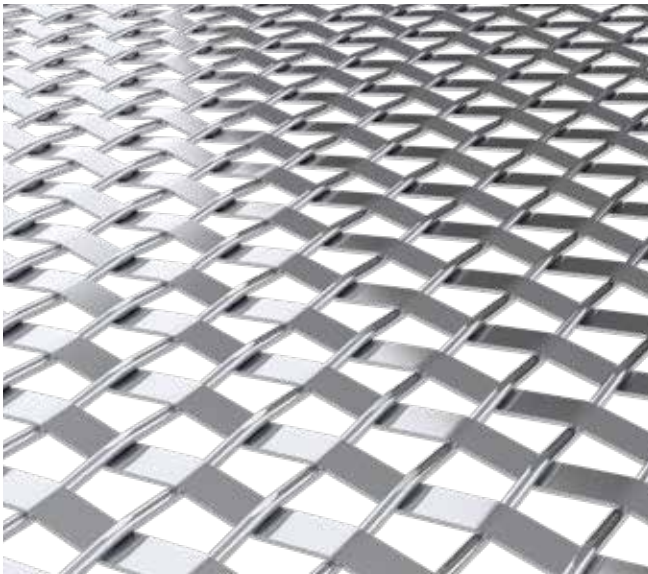

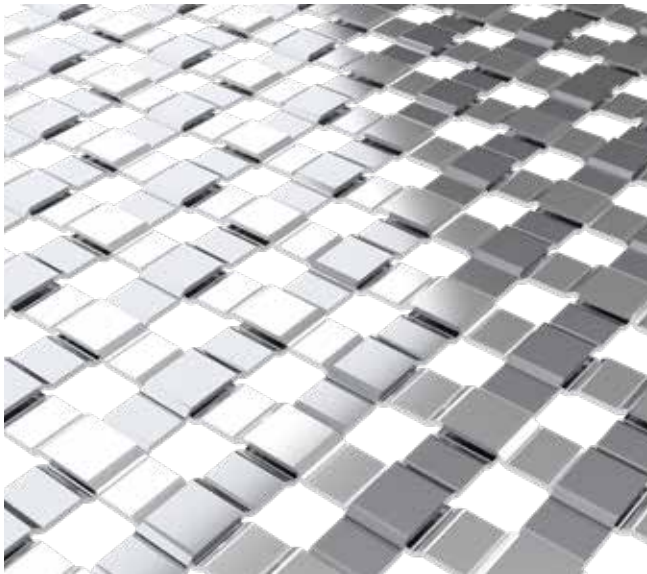

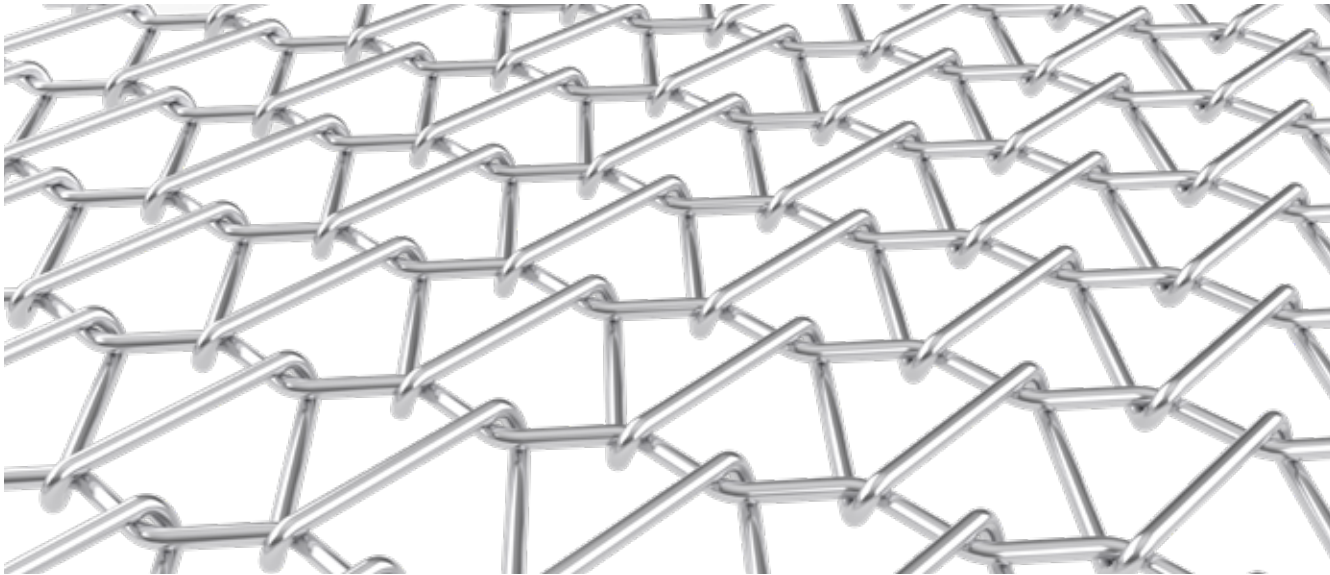

Types of Wire Mesh:

- ❑ Sunshades / Brise-Soleil Mesh
- ❑ Cladding Mesh
- ❑ Decorative Wire Mesh Panels

Bollards

Bollards are safety barriers that control traffic, protect pedestrians, and prevent vehicle damage. Used for perimeter security and access control, they range from flexible models to high-security ASTM-rated options, making them essential for safety and urban planning.

Types of Bollards:

- ❑ Security Bollards
- ❑ Traffic & Parking Bollards
- ❑ Architectural Bollards
- ❑ Illuminated Bollards
- ❑ Retractable & Removable Bollards
- ❑ Bicycle Bollards

SDI Products

Canopies

A canopy is an overhead structure that provides shelter, shade, and aesthetic appeal in commercial, residential, and public spaces. Made from materials like metal or fabric, it shields against sun and rain and can be freestanding or building-attached for entryways, walkways, or outdoor seating.

Types of Canopies:

- ❑ Airport Canopies
- ❑ Railways & Transit Canopies
- ❑ Hospitality & Hotel Canopies
- ❑ Retail & Commercial Canopies
- ❑ Residential & Mixed Canopies
- ❑ Government & Military Canopies
- ❑ Industrial & Warehouse Canopies

SDI Products

Fencing

Fencing is a protective barrier that enhances security, privacy, and aesthetics for residential, commercial, and industrial properties. Available in materials like metal, wood, and wire mesh, it defines boundaries, prevents access, and can be customized in height, style, and finish.

Types of Fencing:

- ❑ Aviation & Airport Fencing
- ❑ Transit & Railways Fencing
- ❑ Luxury & Hospitality Fencing
- ❑ Retail & Commercial Fencing
- ❑ Residential & Mixed Fencing
- ❑ Government & Military Fencing
- ❑ Industrial & Heavy Duty Fencing

Gates

Gates offer security, durability, and aesthetic appeal for residential, commercial, and industrial properties. Made from materials like steel or aluminum, they come in swing, sliding, and automated designs, providing access control while complementing architectural styles.

Types of Gates:

- ❑ Swing Gates
- ❑ Sliding Gates
- ❑ Cantilever Gates
- ❑ Bi-Folding Gates
- ❑ Pedestrian Gates
- ❑ Security Gates
- ❑ Ornamental Gates
- ❑ Driveway Gates
- ❑ Industrial Gates
- ❑ Custom Decorative Gates

Metal Staircases

Metal staircases are strong, durable structures used in residential, commercial, and industrial spaces. Made from steel or aluminum, they offer safety, low maintenance, and customizable designs ranging from industrial to modern styles for both indoor and outdoor use.

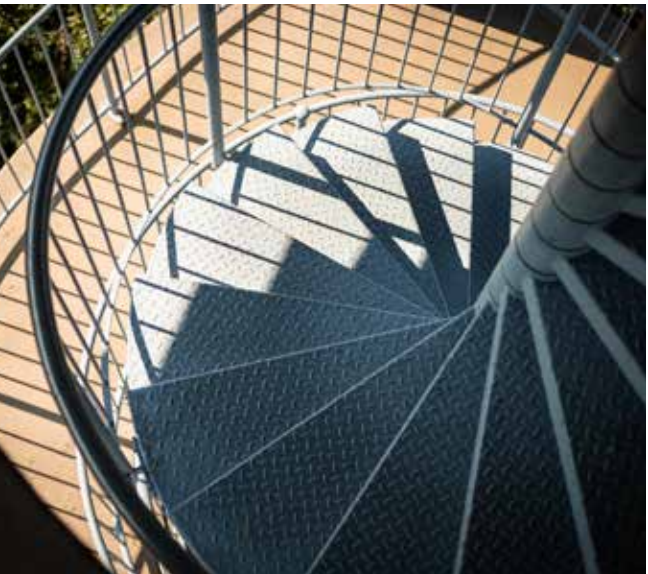

Types of Metal Staircases:

- ❑ Straight Staircases
- ❑ Spiral Staircases
- ❑ Curved Staircases
- ❑ L-Shaped Staircases
- ❑ U-Shaped Staircases
- ❑ Floating Staircases
- ❑ Cantilever Staircases
- ❑ Industrial Staircases
- ❑ Modular Staircases
- ❑ Custom Ornamental Staircases

Stair Railings

Stair railings provide safety, support, and aesthetic appeal for staircases in residential and commercial spaces. Available in materials like metal, wood, or glass, they offer customizable designs and finishes to match any style while preventing falls and enhancing stability.

Types of Stair Railings:

- ❑ Picket Railings
- ❑ Cable Railings
- ❑ Pipe Railings
- ❑ Bar Railings
- ❑ Ornamental Railings
- ❑ ADA-Compliant Railings
- ❑ Custom Decorative Railings

Bicycle Racks

Bicycle racks are durable, space-efficient storage solutions for securing bikes in public, commercial, and residential areas. Made from steel or aluminum, they resist theft and weather. Available in designs like hoop, wave, or vertical styles, they promote cycling and enhance urban functionality.

Types of Bicycle Racks:

- ❑ Freestanding Bicycle Racks
- ❑ Surface-Mounted Bicycle Racks
- ❑ Embedded / In-Ground Bicycle Racks
- ❑ Wall-Mounted Bicycle Racks
- ❑ Two-Tier / Double-Decker Bicycle Racks
- ❑ U-Lock Compatible Bicycle Racks
- ❑ Wave Racks
- ❑ Covered / Sheltered Bicycle Racks

Cladding

Cladding is an exterior protective layer that enhances aesthetics, insulation, and weather resistance for buildings. Available in materials like metal, wood, or stone, it offers durability, energy efficiency, and customizable finishes to suit various architectural styles.

Types of Cladding:

- ❑ Flat Panel Cladding
- ❑ Perforated & Screen Cladding
- ❑ Textured / Profiled Cladding
- ❑ Structural & Curtain Wall Cladding
- ❑ Architectural Feature Cladding
- ❑ Speciality / Decorative Glass Cladding

SDI Products

Roofing

SD Industries provides durable roofing solutions for commercial and industrial applications. Our offerings include standing seam metal roofing for weather resistance and aesthetics, EPDM for flexibility and UV protection, and TPO for energy efficiency and heat resistance.

Types of Roofing:

- ❑ Standing Seam Metal Roof
- ❑ Ethylene Propylene Diene Monomer
- ❑ Thermoplastic Polyolefin

Escalator & Elevator Enclosures

Escalator and elevator enclosures enhance safety, security, and aesthetics for vertical transportation systems. Made from materials like metal or glass, they prevent unauthorized access and comply with safety codes while complementing building designs in malls, airports, and transit hubs.

Types of Escalator & Elevator Enclosures:

- ❑ Glass Enclosures
- ❑ Metal Panel Enclosures
- ❑ Mesh & Screen Enclosures
- ❑ Structural Framing Systems
- ❑ Transit-Grade Protection Systems

Inspired? Let's Build Your Project!

Ticket Booths

Ticket booths are secure, functional structures for ticket sales and customer service at events, transit hubs, and public venues. Made from materials like metal or glass, they feature windows, counters, and storage, and can be customized to match the venue’s design and traffic needs.

Types of Ticket Booths:

- ❑ Standard Modular Ticket Booths
- ❑ Security / Guard Ticket Booths
- ❑ Glazed Aluminum Ticket Booths
- ❑ Custom Decorative Ticket Booths

Wayfinding Signs

Wayfinding signs provide clear directions in complex spaces like hospitals, airports, and shopping centers. Featuring text, symbols, and maps, they enhance navigation, improve accessibility, and can be customized to match architectural style or branding for both indoor and outdoor use.

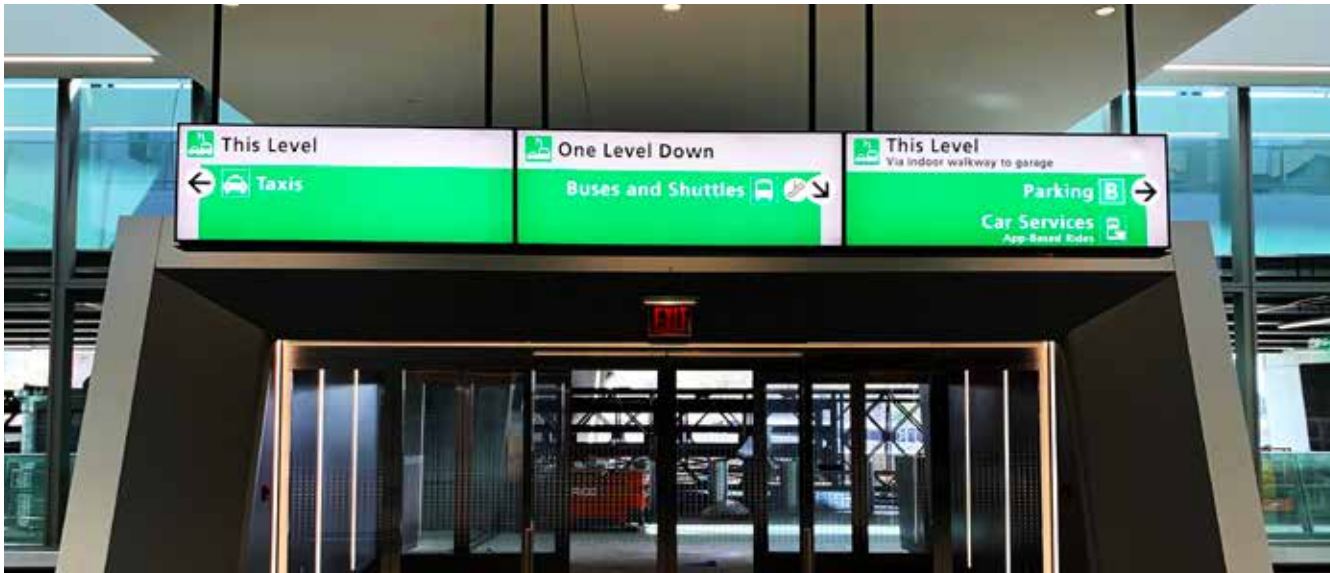

Types of Wayfinding:

- Directional Signs
- Identification Signs
- Regulatory Signs
- Informational Signs
- Emergency Signs
- Monument Signs

Sign Boxes

Our Sign Boxes offer high-impact visibility with illuminated designs that enhance your brand day and night. Durable and stylish, they're ideal for storefronts, offices, and commercial spaces. Customizable in size, shape, and lighting to match your brand perfectly.

Types of Sign Boxes:

- ❑ Illuminated Sign Boxes
- ❑ Non-Illuminated Sign Boxes
- ❑ Double-Sided Sign Boxes
- ❑ Custom Shape Sign Boxes

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

212-348-8000

sales@sd-ind.com

Logo & Letters Signs

Logo and letter signs combine custom lettering with a company's logo to create a branded display for storefronts, offices, and public spaces. Made from materials like metal or acrylic, they enhance visibility, brand recognition, and professional appearance.

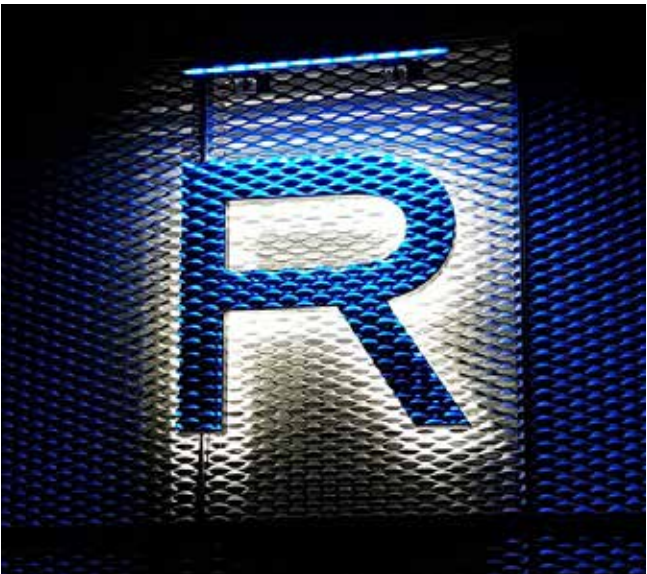

Types of Logos & Letters Signs:

- ❑ Channel Letters
- ❑ Flat-Cut Letters
- ❑ Halo-Lit Letters
- ❑ Front-Lit Letters

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

212-348-8000

Directories

Directories are informational displays that help visitors navigate complex spaces like offices, malls, and hospitals. Featuring maps, listings, or floor plans, they come in formats like wall-mounted, freestanding, or digital, ensuring accessibility and ease of use.

Types of Directories:

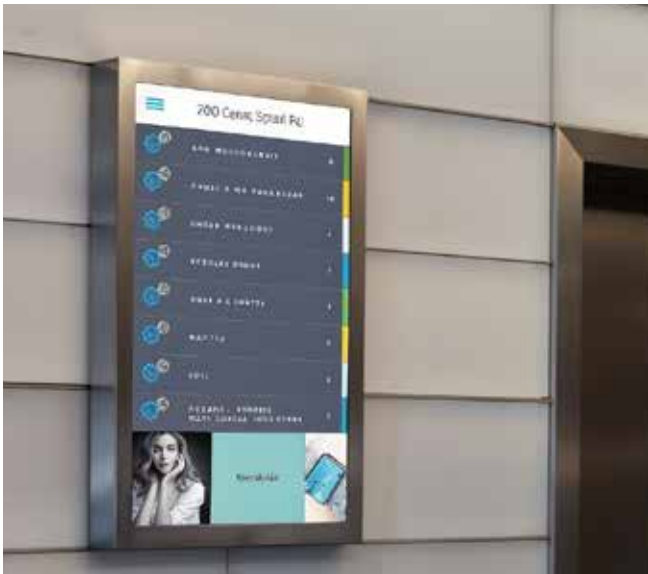

- ❑ Wall-Mounted Directories
- ❑ Freestanding Directories
- ❑ Digital Directories
- ❑ Braille Directories

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

Bulletin Boards

Bulletin boards display notices and announcements in offices, schools, and public spaces. Available in cork, fabric, magnetic, or digital formats, they offer easy ways to post and update information, keeping people informed and organized.

Types of Bulletin Boards:

- ❑ Cork Bulletin Boards
- ❑ Magnetic Boards
- ❑ Changeable Letter Boards
- ❑ Digital Bulletin Boards

Plaques

Plaques are custom displays used for recognition, memorials, awards, or identification. Made from materials like metal, wood, or acrylic, they can be engraved or printed with logos and messages. Durable and versatile, plaques suit both indoor and outdoor settings.

Types of Plaques:

- ❑ Precision Tooled Plaques
- ❑ Cast Plaques
- ❑ Etched Plaques
- ❑ Thin Gauge Plaques

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

212-348-8000
sales@sd-ind.com

ADA Signage

ADA signage meets Americans with Disabilities Act standards to ensure accessibility for all. Featuring Braille, clear text, and high-contrast colors, these signs identify accessible entrances, restrooms, and other key areas in public buildings and facilities.

Types of ADA Signage:

- ❑ Room Identification Signs
- ❑ Directional Signs
- ❑ Emergency Signs
- ❑ Regulatory Signs

From Design to Installation, Let's Collaborate.

212-348-8000
sales@sd-ind.com

Bulletproof Glass

Bulletproof glass, also called ballistic or bullet-resistant glass, is a transparent, multi-layered material designed to withstand bullets and projectiles. Made from polycarbonate, acrylic, or laminated glass with PVB or EVA layers, it offers varying protection levels while maintaining optical clarity for use in banks, vehicles, and high-security buildings.

Types of Bulletproof Glass:

- ❑ Glass-Clad Polycarbonate
- ❑ One-Way Bulletproof Glass
- ❑ Spall-Free Glass

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

212-348-8000

sales@sd-ind.com

Frosted Glass

Frosted glass is a translucent material with a matte finish that diffuses light while providing privacy. Created by sandblasting, acid etching, or film application, it's used in windows, doors, and partitions for both aesthetic and functional purposes.

Types of Frosted Glass:

- ❑ Frosted Window Film
- ❑ Acid-Etched Frosted Glass
- ❑ Sandblasted Frosted Glass
- ❑ Patterned Frosted Glass
- ❑ Gradient Frosted Glass

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

212-348-8000
sales@sd-ind.com

Insulated Glass

Insulated glass, or double-glazed glass, consists of two or more panes separated by a sealed air or gas-filled space. It reduces heat transfer, noise, and condensation, improving energy efficiency in residential and commercial windows, doors, and curtain walls.

Types of Insulated Glass:

- ❑ Double Glazing
- ❑ Triple Glazing
- ❑ Vacuum Insulated Glass
- ❑ Gas-Filled Insulated Glass

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

212-348-8000

sales@sd-ind.com

Laminated Glass

Laminated glass is a safety glass made of multiple layers bonded with a PVB or EVA interlayer. It resists impact, holds together when broken, and reduces injury risk. Offering sound insulation and UV protection, it's used in windshields, skylights, windows, and high-security or hurricane-prone areas.

Types of Laminated Glass:

- ❑ Clear Laminated Glass with Polyvinyl Butyral (PVB) Interlayer
- ❑ Tinted Laminated Glass
- ❑ Laminated Glass with SentryGlas Plus (SGP) Interlayer
- ❑ Laminated Glass with Ethylene Vinyl Acetate (EVA) Interlayer
- ❑ Reflective Laminated Glass

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.

212-348-8000

sales@sd-ind.com

Clear Glass

Clear glass is a transparent, colorless material that maximizes light transmission and visibility. Made using the float glass process, it's commonly used in windows, doors, furniture, and displays. While offering natural light and clear views, it provides minimal insulation unless treated.

Types of Clear Glass:

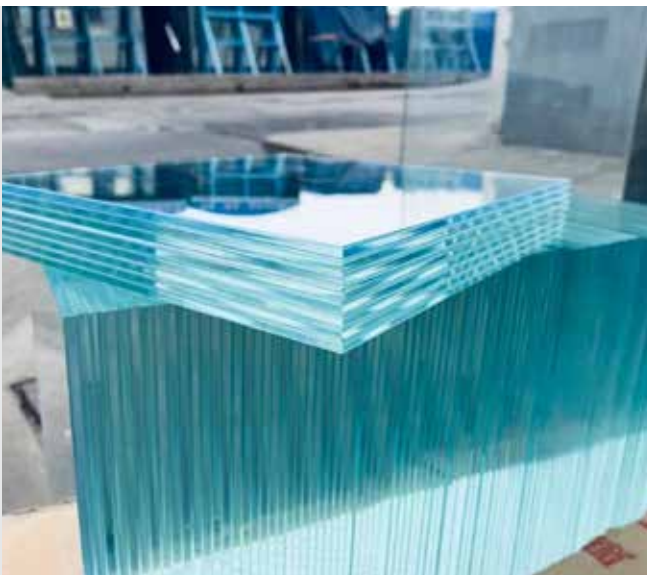

- ❑ Float Glass (Standard Clear Glass)
- ❑ Low-Iron Glass (Ultra-Clear Glass)
- ❑ Tempered Glass (Toughened Clear Glass)

Inspired? Let's Build Your Project!

From Design to Installation, Let's Collaborate.
