DECORATIVE WIRE MESH PANELS

BASKET WEAVE ARCHITECTURAL MESH

SDI-A40

A40

The **SDI-A40** flat wire architectural wire mesh features a plain crimp with soft bends, resembling a basket weave. The reflective flat wire captures light and colors from its surroundings, returning them in a unique way that only woven metal can achieve. This sturdy 1/4" wide flat wire is substantial, making it ideal for applications that require strength, such as railing infill panels and room dividers.
