CLADDING MESH

## BOLD ACCENT WOVEN WIRE MESH SDI-C07

The SDI-C07 architectural wire mesh presents an opaque pattern with alternating textures, crafted through the loom's heddle movements. This woven design makes a bold statement in any interior space. Available in both all stainless steel and mixed alloy weaves, the addition of subtle brass or bronze highlights accentuates the intricate beauty of the stainless wires, drawing attention to its complexity.

C07
