LARGE-FORMAT TWIN WIRE MESH

SDI-A28

The **SDI-A28** architectural wire mesh pattern is a large-scale, multiple-wire weave known for its strength and thin profile. This robust construction utilizes large flat wires in a twin weave pattern, offering a unique aesthetic and durability. Available in Stainless Steel, Plain Steel, and Bronze, it can be customized in various ways to fit specific project needs. For more details or to explore customizations, feel free to contact us.
