ABOUT US

SD Industries is a manufacturer and fabricator of architectural metal, signage, glass and specialty fabricated products. Our manufacturing capabilities combine precision fabrication, engineering expertise, advanced equipment and quality-controlled production.

We manufacture custom bollards, railings, fencing, metal components, signage products and architectural assemblies in project-specific dimensions, materials and finishes. Our production approach emphasizes dimensional accuracy, material selection, finish quality and documented quality-assurance processes.

Products are manufactured to project specifications for commercial, institutional, transportation, government and industrial applications.
